**DETAILED ACTION**

***Election/Restrictions***

Claims 3-6 and 20 are rejoined as they properly depend from a generic claim.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3, 12 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 3 recites a relation of the pressure between the two pressurizing chambers which appears to contradict the relation defined by parent claim 1. The meaning of the limitations is not clear.

Claim 12 recites "a predetermined value". It is not clear if this is the same value as claim 1, or an additional value.

Claim 20 recites "two pressurizing pistons". It is not clear if these are the same pistons as defined in claim 1, or additional pistons.

Claim 20 recites "a front and rear pressurizing chamber". It is not clear if these are related to the pressurizing chambers of claim 1, or additional chambers.

Claim 20 recites "a first brake cylinder" and "a second brake cylinder". It is not clear if either cylinder corresponds to the "brake cylinder" of parent claim 1, or are additional cylinders.

***Allowable Subject Matter***

Claims 1, 4-11, 13-19, 21-36, 42-43, and 45-50 are allowed.

Claims 3, 12, and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.
